Debit Cards!

By August of this year, we will be introducing our new CU CheckCard (Debit Card) program. This new card will provide convenient, secure access to your share draft account wherever you travel. This new card will allow you to:

- Make purchases anywhere you see the MasterCard logo. That's over 16 million places, from restaurants to stores, catalogs and on the Internet!
- Get cash at ATMs throughout Vermont and around the world.
- Use the CU CheckCard to even get cash back following purchases at thousands of locations, including most grocery stores, many gas stations, and even your local Post Office!

For every purchase and ATM withdrawal made with the CU CheckCard, funds will automatically be deducted from your share draft account. And, every transaction will appear on your account statement, including the date, place and amount. It's an easy way to track spending.

We are very excited about this new service and look forward to providing you with a convenient, fast and safe alternative to writing share drafts or carrying cash.

Please contact the Rochester or Bethel office for more information on how to get your CU CheckCard! If you already have a White River Credit Union ATM card, you'll automatically receive a CU CheckCard to replace it by the end of July.
